Submitted on 03/06/2018 3:36PM

Submitted values are:

Name: sharon talley

Email Address: [REDACTED]

Comment: The only solution to this problem is complete removal of all radioactive material. The solution needs to also require a buy out of homes surrounding this area. There is no other acceptable solution. Please try to imagine a solution if your family lived in this area. Anyone who decides on a lesser solution such as capping should then be required to move their family adjacent to this site. Please take the moral high ground. Thank you.
